

Four Lane Blacktop Ways of Working/Things that will be Different

From July 21, we will restart racing in Marlborough, following our published 2020 calendar, with simplified race formats to help with social distancing.

We have taken steps to reduce the risk of COVID-19 transmission while on club premises, as outlined in the plan published by the club. This meets government guidelines and has been approved by Hall management. By coming to the premises you confirm you have read, understood and agree to the contents of the Four Lane Blacktop Covid Plan and Four Lane Blacktop Ways of Working document.

Things will be different. Here is a reminder of the major changes. For full details please see the Plan published by the club.

1. Let us know that you are coming, using the FLBT Members Group or other message. Numbers will be limited to allow social distancing. If you have tested positive for COVID-19, or have knowingly come into contact with someone who has tested positive in the last 14 days, or feel unwell in any way, do not come to the club. If you test positive after attending the club, you must let us know.
2. Bring and wear Face Coverings: use the disposable gloves and/or the hand sanitiser provided
3. Maintain 1m+ social distance at all times.
4. Bring the minimum kit: two cars, one controller, one small takeaway box of spares/tools, in a backpack or bag for life or similar.
5. Wipe down communal surfaces before and after use with the provided disinfectant.
6. The kitchen is off limits, bring personal drinks if required.
7. Follow the one-way system in the room at all times.
8. Use the pit table and parc ferme table.
9. Practice will be organised, with pre-race practice of four laps before each race.
10. Please stay at your designated marshalling point/driver station after racing until asked to move by the race controller.

Additional, set-up crew and taking down the track:

1. Pin hall doors open
2. Open back door and windows if not raining
3. No more than two people in the store room
4. Set out driver stations, designated marshal points and race control and parc ferme/pit table to allow 1m+ social distancing

FLBT Committee, July 2020
