

### **Four Lane Blacktop Ways of Working/Things that will be Different**

In June, we will restart racing in Marlborough, following our website published calendar. All race formats until further notice will be Heats and Finals, or segmented endurance events.

We have taken steps to reduce the risk of COVID-19 transmission while on club premises, as outlined in the plan published by the club. This meets government guidelines and has been approved by Hall management. By coming to the premises you confirm you have read, understood and agree to the contents of the Four Lane Blacktop Covid Plan and Four Lane Blacktop Ways of Working document.

Things will be different. Here is a reminder of the major changes. For full details please see the Plan published by the club.

1. Let us know that you are coming, using the FLBT Members Group or other message. Numbers will be limited to allow social distancing. If you have tested positive for COVID-19, or have knowingly come into contact with someone who has tested positive in the last 14 days, or feel unwell in any way, do not come to the club. If you test positive after attending the club, you must let us know.
2. Bring and wear Face Coverings: use the hand sanitiser provided.
3. Maintain 1m+ social distance at all times.
4. Bring the minimum kit in One toolbox.
5. Wipe down communal surfaces before and after use with the provided disinfectant.
6. The kitchen is off limits, bring personal drinks if required.
7. Please stay at your designated marshalling point/driver station after racing until asked to move by the race controller.

Additional, set-up crew and taking down the track:

1. Pin hall doors open
2. Open back door and windows
3. No more than two people in the store room
4. Set out driver stations, designated marshal points and race control and tables to allow 1m+ social distancing

FLBT Committee, June 2021
